 Four Seasons Hotel
in Baltimore, MD

Rebuilding the clinical and public health infrastructure for our nation's youth

The National Center on Youth Prevention, Treatment, and Recovery, in partnership with SAMHSA and the Bureau of Indian Affairs/Office of Justice Services, will be hosting the annual Joint Meeting on Youth Prevention, Treatment, and Recovery (JMYPTR), which aims to promote and improve substance use prevention, early intervention, harm reduction, treatment, and recovery efforts among children, adolescents, and emerging adults.

The conference provides a dynamic and interactive forum for the exchange of research, policy, and clinical information among researchers, practitioners, policymakers, and youth and families.

The annual *Pathways to Wellness* Recidivism Reduction Initiative Forum will be fully integrated into the prevention, treatment, and recovery tracks of the conference and will provide avenues of culturally responsive information to share among all conference participants interested in improving the wellbeing of Native communities and beyond.
